

# Loop 101 HOV Lanes

Price Freeway - Loop 202 (Red Mountain Freeway) to Loop 202 (Santan Freeway)

Project Hotline (602) 283-9800

## Loop 101 Closures

Motorists driving the Loop 101 (Price Freeway) will find a quicker drive later this year with the opening of High Occupancy Vehicle lanes (HOV) to absorb carpool, bus and motorcycle traffic between Loop 202 Red Mountain Freeway and Loop 202 San Tan Freeway.

To complete this project, the Arizona Department of Transportation (ADOT) has scheduled closures and restrictions this weekend so work crews can work on sign structures. These include:

### Closures Mar. 6 to Mar. 9

1 11 p.m. Friday, Mar. 6 to 5 a.m. Monday, Mar. 9 Northbound Loop 101 (Price Freeway) from Frye Road to Warner Road. Northbound Ramps from the Loop 202 (Santan Freeway) will also be closed.

2 11 p.m. Friday, Mar. 6 to 5 a.m. Monday, Mar. 9 Southbound Loop 101 (Price Freeway) from Rio Salado Parkway to Guadalupe Road. Southbound ramps from Loop 202 (Red Mountain Freeway) and US 60 (Superstition Freeway) to the Loop 101 (Price Freeway) will be closed.

**Drivers are encouraged to avoid this area during the closure and restriction periods and seek alternate routes.**

### Project Summary

As part of the Regional Transportation Plan (RTP), the ADOT will add one new HOV lane in each direction on Loop 101 from Loop 202 (Santan Freeway) to State Route 51 (Piestewa Freeway). The restrictions and closures described are part of this larger effort to ease freeway congestion in the East Valley.

### Project Schedule

ADOT is working to finish these projects as quickly as possible with minimal disruptions to traffic.
